Brooke Jackson
Diamond IT
19 Warabrook Blvd
Warabrook, NSW 2304

Dear Brooke,

I am thrilled to apply for the Tier 1 Support Analyst position at Diamond IT. With a solid foundation in network administration and a customer-centric approach to problem-solving, honed through diverse experiences, including my role as an Account Receivable Insurance Broker at Aon Canada, I am eager to contribute effectively to your service desk team.

Throughout my career, I've engaged directly with customers of all sizes, cultivating strong customer service skills in call centre environments at Minacs and Georgeson Shareholder Services in Toronto, Ontario. Whether assisting shareholders with investment inquiries or resolving technical issues for retail customers, I consistently prioritized customer satisfaction, honing my skills in both face-to-face and phone-based interactions.

Furthermore, my tenure as an Account Receivable Insurance Broker at Aon Canada offered invaluable insights into client management across diverse spectrums, ranging from small to Fortune 500 enterprises. Whether addressing insurance inquiries or rectifying billing discrepancies, I consistently prioritized client satisfaction through direct interactions, resulting in the honour of receiving the 2012 Summit North Award for Top Producer. This recognition stands as a testament to my outstanding contributions to the organization.

In addition to my customer service expertise, my technical proficiency extends to configuring and maintaining networking equipment, aligning with Diamond IT's commitment to delivering innovative solutions and exceptional customer service. My key qualifications include:

- **Technical Proficiency:** Extensive experience with Windows Operating Systems, TCP/IP networking, DNS, routing, and firewall configuration.
- **Customer Service Excellence:** Proven ability to deliver outstanding customer service, honed through direct interactions with clients as an Account Receivable Insurance Broker.
- **Proficient in problem-solving,** I possess a natural ability to dissect complex issues and find effective solutions, driven by a keen interest in understanding technical complexities and delivering results within specified deadlines.
- **Time Management:** Excellent organizational skills, enabling me to manage multiple tasks efficiently and prioritize effectively.

I am impressed by Diamond IT's commitment to staff development through industry certifications. I am currently pursuing CompTIA Security+ and Network+ certifications and eager to achieve Microsoft Certified status. I look forward to enhancing my skills and contributing to Diamond IT as a Tier 1 Support Analyst.

Thank you for considering my application and I hope to discuss my application further in an interview.

Warm regards,

Stephen Cooke

Career history

Account Executive at Aon

MARCH 2010 – JUNE 2015

As an accomplished Account Executive at Aon, specializing in Account Receivable Insurance, I excelled in providing innovative solutions for both domestic and international trade risks and exposures. My role encompassed achieving and surpassing new business targets, ensuring unparalleled client service and retention, managing Canadian exposures within international Aon programs, and cultivating robust relationships with insurance markets.

Throughout my tenure, I consistently exceeded new business targets, earning positive performance reviews, and receiving well-deserved performance bonuses. A noteworthy achievement includes being honoured with the 2012 Summit North Award for Top Producer, a testament to my exceptional contributions to the organization.

Sales Agent at Coface
MARCH 2006 – JUNE 2010

As a Sales Agent at Coface Canada, I played a pivotal role in managing and expanding an existing portfolio of clients while driving new business development initiatives. My multifaceted responsibilities encompassed strategic marketing, orchestrating prospect meetings, delivering impactful presentations, generating quotations, and overseeing mid-term client servicing.

Noteworthy achievements include the successful execution of targeted marketing campaigns, resulting in substantial client growth. Through a proactive approach, I consistently identified and capitalized on opportunities to expand relationships within the existing client base. The outcome was not only quantitative, as evidenced by impressive client growth percentages, but also qualitative, with a sustained high level of client satisfaction throughout my tenure.

This experience not only honed my sales and marketing skills but also underscored my commitment to delivering exceptional client service. In leveraging a comprehensive approach, I successfully navigated the complexities of maintaining client satisfaction while achieving notable business growth.

Customer Service Representative at Minacs
JUNE 2003 – JUNE 2004

Minacs was a significant player in the outsourcing industry, providing comprehensive business process outsourcing services, including customer lifecycle management, marketing, finance and accounting, procurement, and IT services. I was promoted to work on the Bell account after just three months due to my demonstrated customer service excellence. Additionally, I was assigned to the Government of Ontario account based on my recognized customer service skills.

Retail at Compucentre
AUGUST 2002 – JUNE 2003

My responsibilities included providing I.T. support such as computer repairs and upgrades, and conducting face-to-face sales to help customers find the right products. Due to my outstanding sales performance and exceptional customer service skills, I was promoted to supervisor, where I managed store operations and supervised staff.

Customer Service Representative at Georgeson Shareholder
JULY 2001 – AUGUST 2002

At Georgeson Shareholder, a global leader in strategic shareholder engagement and proxy solicitation, I handled various responsibilities with shareholders, including proxy solicitation and shareholder communication. My strong people skills were recognized, and I was promoted to Assistant Supervisor. In this role, I oversaw customer service operations, ensuring high levels of client satisfaction and efficient resolution of shareholder inquiries.
