Your withdrawal benefit is the total benefit shown above that would have applied if your benefit was paid or rolled over on 30 June 2023. Tax may be payable on certain benefits paid as a lump sum or pension. Refer to your relevant Product Disclosure Statement (PDS) for further details. The amounts on which the information was based may change. Before withdrawing from the Fund you should contact us to confirm your withdrawal benefit at the time.

Investment Information as at 30 June 2023

Investment Option	Units held	Unit price at 30/06/2023	Total value
Future Super Balanced Impact - Accumulation	92,543.1361	\$1.625220	\$150,402.96
		TOTAL	\$150,402.96

The dollar amount of Investment Earnings disclosed in **Your Account Summary** is calculated by reference to the change in underlying units allocated to your account for each transaction processed. Unit prices are calculated for each of the investment strategies (also referred to as investment options) on a regular basis and take into account any fees, costs and taxes if applicable, not already deducted from member accounts. Unit prices shown at the date of this statement represent the value of your account if you withdrew your investment on that day. See **Access to your Money**.

1 July 2022 to 30 June 2023

Investment Performance as at 30 June 2023

For the year ending 30 June 2023, the estimated net earning rate of return for your account has been calculated as **8.17%**. The estimated net earnings return for your investment is based on the combined total rate of return for the investment options you were invested in during the reporting period, plus and minus product fees and taxes on investments. It will not necessarily equal the one year net earnings rate of your investment option(s) and does not include items such as insurance payments or contributions. The net earnings rates of the investment option(s) you were invested in as at 30/06/2023 are shown below.

Investment Option	1 year to 30/06/2023	5 year compound annual average to 30/06/2023	10 year compound annual average to 30/06/2023	Since inception to 30/06/2023	Inception date of Investment
Future Super Balanced Impact - Accumulation	8.98%	4.99%	N/A	5.65%	24/06/2017

The investment performance returns disclosed above are the Fund's published returns for the investment strategies in which you held units for as at 30 June 2023. Where the 5 year and 10 year returns are showing as N/A, the investment option has not been in operation for the period and you should refer to the since inception rate. The actual rate of return of your account may be different to the Fund's published returns for each investment strategy due to the timing and value of the transactions processed in your account. Refer to the Fund's Annual Report and PDS for details about the investment strategies available to you. Past performance is not a reliable indicator of future performance.

1 July 2022 to 30 June 2023

Fees deducted directly from your account

(\$60.00)

This amount has been deducted directly from your account (reflected in the transactions listed on this statement).

Fees and Costs deducted from your investment

(\$233.09)

This approximate amount has been deducted from your investment and covers amounts that have reduced the return on your investment and that are not reflected as transactions listed on this statement or in the **Additional Explanation of Fees and Costs**.

TOTAL FEES AND COSTS YOU PAID

(\$293.09)

This approximate amount includes all the fees and costs which affected your investment during the period.

Additional Explanation of Fees and Costs

Administration Fees and Costs

Administration Fees which are directly charged to your account, are shown in the **Your Transaction History** section and **Fees deducted directly from your account**.

Cap on certain fees

If your account balance is less than \$6,000.00 at the end of the reporting period, certain fees and costs charged to you in relation to administration and investment are capped at 3% of your account balance. Any amount charged in excess of that cap will be refunded by 30 September 2023. Any excess amount for this or the previous reporting period that has been credited to your account during this reporting period will be reflected in the **Your Transaction History** section and disclosed as "**Fee Cap Refund**". This amount will also be shown in **Fees deducted directly from your account** and reduces the total amount of fees you paid.

Family Law Charges

Family Law Splitting Fee may have been deducted from your account if we received a Family Law Splitting Order. If applicable to you, this fee is reflected in the **Your Transaction History** section and included in the **Fees deducted directly from your account**.

Fees and Costs deducted from your investment

The amount shown includes an asset-based Administration Fee, an Investment Fee relating to your chosen investment option, Transaction Costs, Buy/Sell Spread Fees, costs met from reserves and costs paid by third parties. Please refer to the PDS for additional information. In relation to costs met from reserves and costs paid by third parties this is not an additional cost to you, but it is required to be disclosed.

These fees are expressed as a percentage of the money you have invested in each investment option throughout the year and is included in **Fees and Costs deducted from your investment** as an approximate dollar amount to help you understand the effect these fees can have on your account balance. These amounts are not deducted directly from your account and are not reflected as transactions on this statement.

Fees deducted directly from your account

The amount shown in **Fees deducted directly from your account** includes (where applicable) Administration Fees, Activity Fees, Insurance Fees and Advice Fees. Any rebates added to your account balance, or any amount charged in excess of the 3% cap on balances less than \$6,000.00, will reduce the amount disclosed.

Tax Deductions for Fees and Costs

Where the Fund is eligible to claim a tax deduction on administration fees and costs and insurance fees (premiums), the benefit of these tax deductions is passed on to you:

- directly to your account as a Tax Rebate for the administration fees and insurance fees deducted directly from your account and listed in the **Your Transaction History** section of this statement; and
- indirectly via the unit price for administration fees deducted from the unit price of your investment.

The benefit of these tax deductions are not included in the **Fees and Costs Summary**.

Explanatory Notes

Closing Balance

Your closing balance is calculated as the total of your account balance as at the statement date, based on the transactions allocated to your account and the investment valuations to that date. The amounts on which the information is based might change. Before withdrawing from the Fund, you should seek information about your Withdrawal Benefit that would be payable at that time.

Insurance Cover

If applicable, your insurance details reflect your benefit as at the statement date and are subject to change. For current insurance benefit information, please contact the Member Advocacy Team.

Investment Earnings

Your investment earnings, after relevant fees and taxes on investment income have been deducted, are shown under the heading **Your Account Summary**. The investment earnings of your account may be different to the Fund's published returns for each investment option due to the timing and value of the transactions processed in your account.

Investment Information

The investment information table provides a summary of investments held in your portfolio. The total value of each investment is calculated using the most recent unit price at the end of the period multiplied by units held. Total values change constantly and the total value of your investments may have changed since the date of this statement.

Non-Preserved Amounts

Your Restricted Non-preserved Benefit is the amount available to be taken in cash once you have ceased employment with the employer who made these contributions.

Your Unrestricted Non-preserved Benefit is the amount of your benefit available to be taken in cash at any time (e.g. the cash portion of benefits from previous employment).

Opening Balance

The opening balance for this statement equals the closing balance from your last member statement.

Preserved Amount

Part or all of your benefit may be subject to the Government's preservation requirements. Under these requirements, the amount of your preserved benefit cannot be taken in cash until you satisfy a condition of release.

Rounding differences

We calculate the value of investments and income received to six decimal places. This statement displays resulting values to two decimal places and may result in rounding differences.

Superannuation Surcharge

While surcharge tax was abolished in July 2005 we may still receive surcharge assessments from the ATO for prior financial years. Any surcharge assessment and liabilities will be deducted from your account balance, where applicable.

Taxation

As Future Super complies with requirements of the superannuation legislation, the net income derived by the Fund, including capital gains, is generally subject to tax at the rate of 15%.

This tax is taken into account in the calculation of investment earnings for Accumulation and Transition to Retirement accounts. No tax is payable on the investment earnings of retirement phase pension account assets.

Other taxes apply to contributions and superannuation benefits (when benefits are paid in the form of a lump sum or pension to you). Where applicable, benefit payments (partial lump sum payments or pension payments) are shown gross of any tax payable. Your Withdrawal Benefit may be subject to benefits tax.

Tax File Numbers (TFN)

The Trustee is authorised under the Superannuation Industry (Supervision) Act 1993 to collect your TFN and will only use it for lawful purposes. These purposes may change in the future as a result of legislative change. The Trustee may disclose your TFN to another superannuation Fund or provider when your benefit is being transferred, unless you have specifically instructed otherwise in writing. It is not an offence not to quote your TFN, however if you do not provide your TFN to the Trustee, your contributions and withdrawals may be taxed at a higher rate and the Trustee may not be able to accept some types of contributions, such as personal contributions. Providing your TFN allows for easier matching and tracing of any lost superannuation accounts.

General Information

The Trustee is obliged to provide you with any information you may reasonably need to understand your benefit entitlements. We encourage you to read your Annual Member Statement carefully. Additional information, including details of other investment, insurance and contribution options is available to you, upon request and (in the case of investment options) in the Fund's Annual Report, which can be obtained free of charge at futuresuper.com.au or by contacting the Future Super Member Advocacy Team. Additionally, if you have any queries in relation to the information contained within your Annual Member Statement, please contact the Future Super Member Advocacy Team via the following:

The details shown in this statement reflect your situation at 30 June 2023 and the amounts shown might change. Please contact Future Super for up to date information.

The Trustee cannot provide you with information or advice about which investment, insurance and contribution options are appropriate for your personal circumstances or needs. For personal financial advice of this nature, we recommend you speak to an appropriately qualified financial adviser.

Annual Report

The Annual Member Statement should be read in conjunction with the Fund's Annual Report. The Annual Report for 2023 will be available for download from futuresuper.com.au by 31 December 2023. Please contact the Member Advocacy Team if you would prefer to receive a printed copy of the Annual Report for this and future periods (free of charge). Subsequent Annual Reports will be made available to you via this website unless you elect otherwise.

Enquiries and Complaints

The Trustee has an Enquiries and Complaints Policy in place. For a summary of the enquiries and complaints handling process, or if you have a question or problem regarding the Fund, you should contact:

Member Advocacy Team

Future Super

GPO Box 2754

Brisbane QLD 4001

Telephone: 1300 658 422

Email: info@futuresuper.com.au

You will receive an answer to your query in writing. A complaint can be made verbally or in writing and receipt of complaints will be acknowledged by the Fund. Upon receipt of a complaint, the matter will be investigated, and action initiated to resolve the matter. A written response will be made as soon as possible but within the timeframes prescribed by superannuation legislation.

For any complaint that is unable to be resolved to your satisfaction, or if you do not receive a response within the legislative timeframes (45 days from the date of making your complaint and 90 days for any complaint relating to a Death Benefit distribution), the government has established an independent body, the Australian Financial Complaints Authority (AFCA). AFCA's contact details are:

Online: www.afca.org.au

Email: info@afca.org.au

Phone: 1800 931 678 (free call)

Mail: Australian Financial Complaints Authority
