Dear Hiring Manager,

I am writing to apply for the **Support Worker** position with Hunter Care Group.

I bring extensive experience working with people, including customer-facing professional roles and recent hospitality work at Banff Sunshine Village in Canada. These roles have developed my communication, patience, reliability and ability to remain calm and professional in varied situations.

I am particularly interested in the opportunity to move into meaningful, person-centred work where I can support individuals in building independence and achieving their goals. I am respectful, dependable, comfortable working independently and willing to undertake the required training and screening checks.

I am an Australian citizen with unrestricted working rights and am relocating to the Newcastle area with broad availability.

Thank you for considering my application.

Kind regards,

Stephen Cooke
