

STEPHEN COOKE

JAKES CONSTRUCTION LTD.
44097 Progress Way
Chilliwack, BC

30 July, 2026

Dear Hiring Manager,

I am writing to express my interest in the Systems Administrator position with JAKES CONSTRUCTION LTD. Having recently returned to Canada after living in Australia for the past decade, I am seeking a long-term opportunity where I can apply my technical skills while continuing to grow within an experienced IT team.

My background includes hands-on experience supporting Windows and Linux systems, computer hardware, networking, Microsoft 365, VPNs, DNS, DHCP, and IT troubleshooting. I enjoy diagnosing technical issues, maintaining reliable systems, and learning new technologies through practical experience.

I am dependable, organized, and methodical in my approach to problem solving. Throughout my career I have provided professional technical support, communicated effectively with users, and worked collaboratively to resolve issues efficiently.

I hold a valid Ontario Class G driver's licence with a clean driving record and am willing to relocate to Chilliwack before commencing employment. I would welcome the opportunity to contribute my technical aptitude, work ethic, and commitment to learning to your IT team.

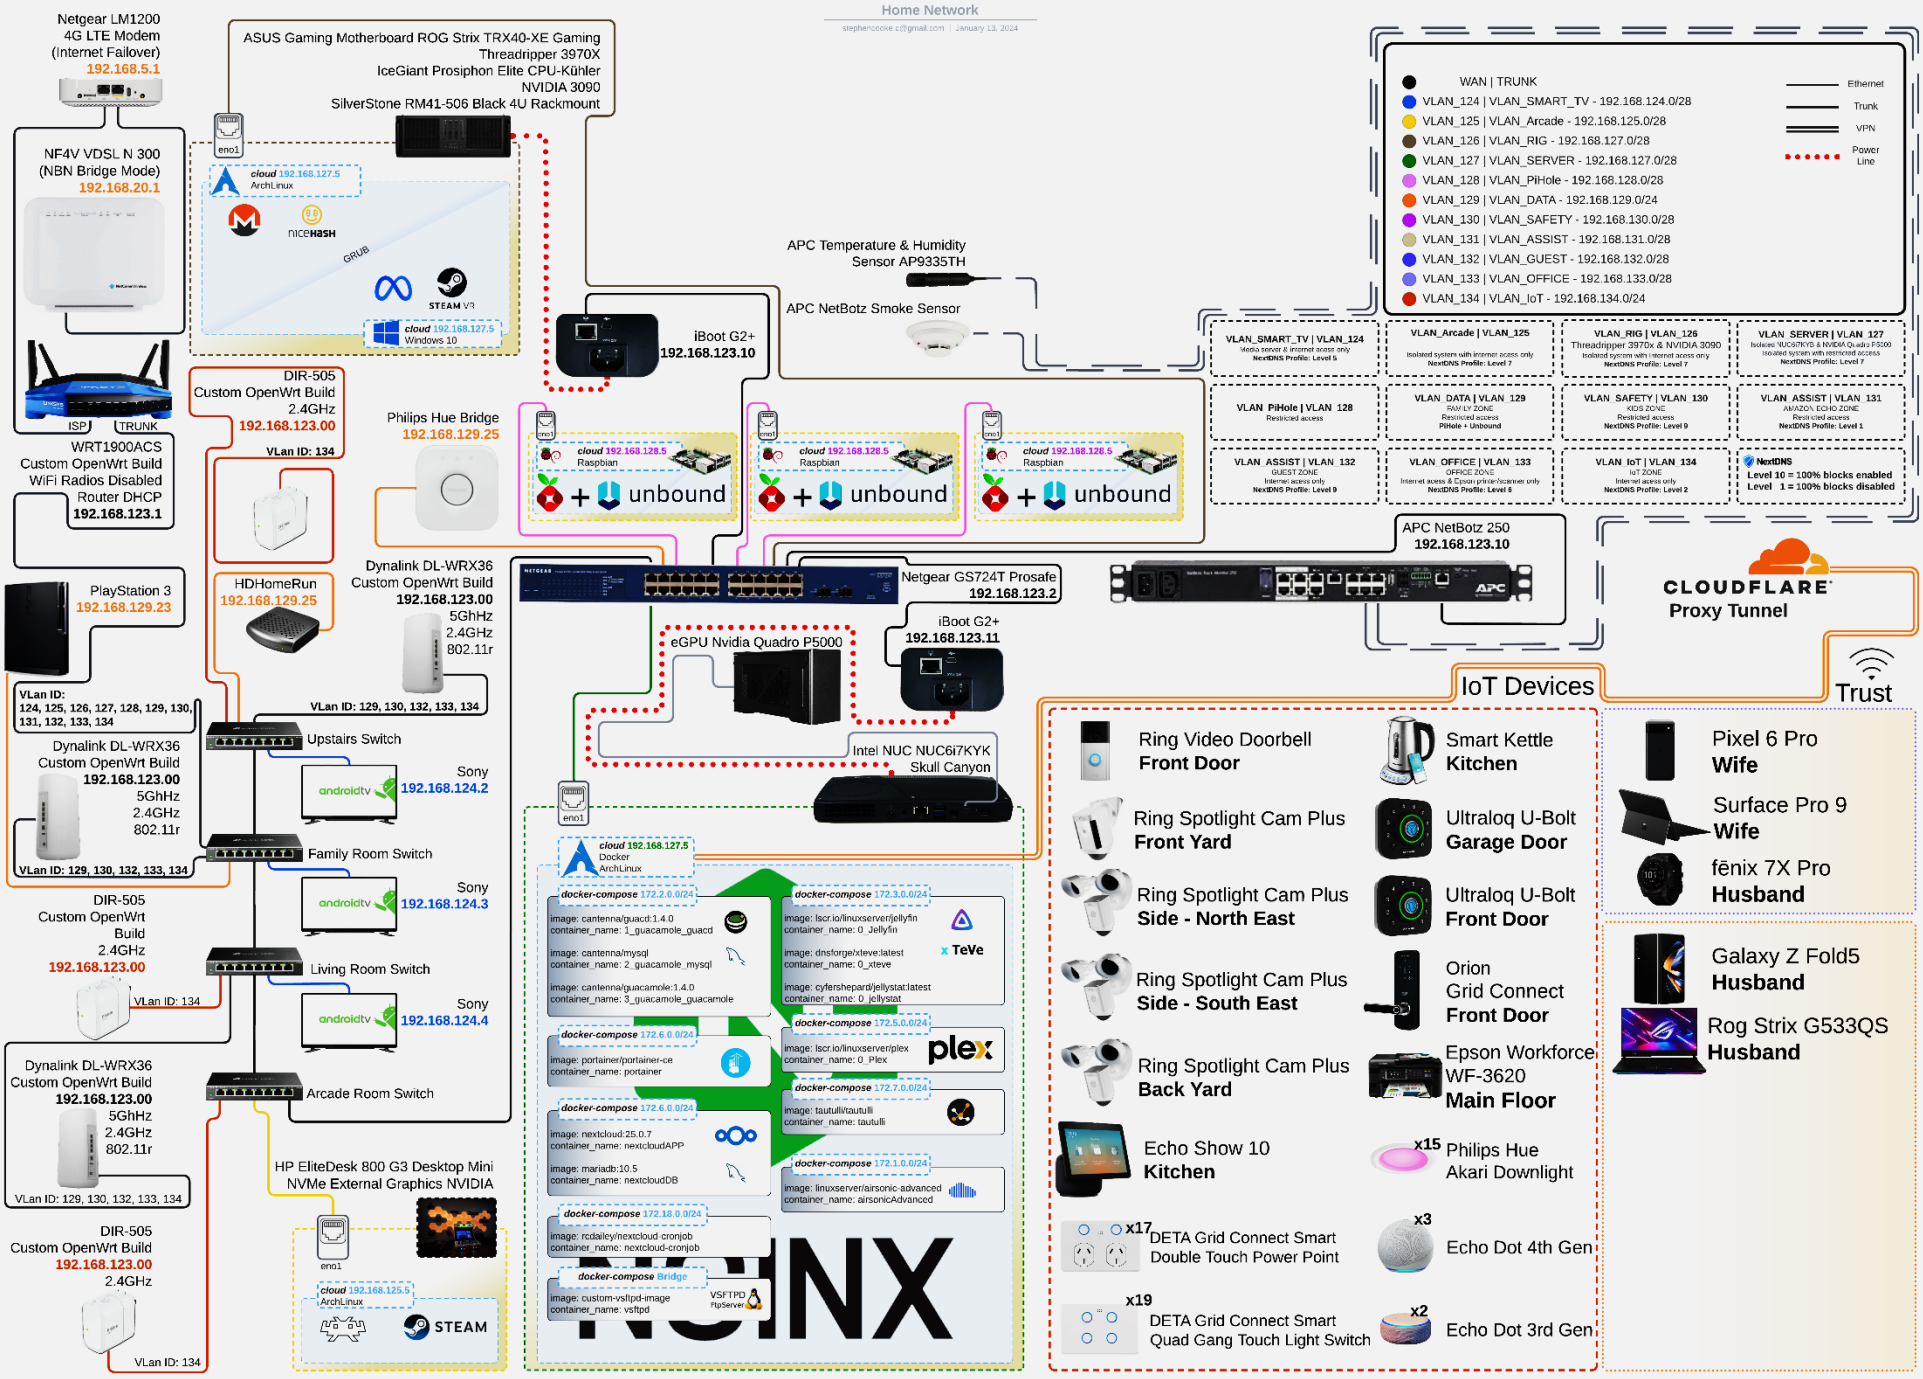

Thank you for your consideration. I look forward to hearing from you.

Stephen Cooke
