Dear Hiring Manager,

I am writing to apply for the MagiNet Field Specialist position with Mage Networks. My background combines hands-on IT and networking experience with extensive customer service and client relationship management. I have practical experience with TCP/IP, routing, OpenWrt, VLAN segmentation, firewall configuration, VPNs, and troubleshooting hardware and network issues.

I am looking to segue my existing technical knowledge into a hands-on field role where I can continue to learn and grow. Mage Networks' focus on delivering reliable connectivity to underserved communities strongly appeals to me, and I would welcome the opportunity to contribute to installations, troubleshooting, and customer support.

I currently reside in Ontario and am actively looking to relocate and settle long-term in the Clearwater County region. I am eligible to work in Canada and am prepared to relocate with approximately two weeks' notice.

Thank you for your consideration.

Sincerely,
Stephen Cooke
