

STEPHEN COOKE

Sixense Solutions Canada Ltd.
Toronto, ON

31 July, 2026

Dear Hiring Manager,

I am writing to express my interest in the Junior Field Technician (Tier 1 – Entry Level) position with Sixense Solutions Canada Ltd. I recently returned to Canada after living in Australia for the past decade and am currently residing in Pickering, Ontario. I am seeking a long-term opportunity where I can apply my technical aptitude, strong work ethic, and problem-solving skills in a hands-on field environment.

Throughout my career, I have developed practical experience working with hardware, tools, and technical equipment while building strong troubleshooting and organizational skills. I am mechanically inclined, enjoy physical work, and take pride in completing tasks safely and accurately. I learn new systems quickly, work well as part of a team, and am always willing to take on new challenges.

I hold a valid Ontario Class G driver's licence with a clean driving record and am comfortable working outdoors in varying conditions. I am eager to complete any required safety certifications and develop my skills alongside your experienced field technicians.

Thank you for your time and consideration. I would welcome the opportunity to contribute my enthusiasm, reliability, and dedication to the Sixense Solutions team. I look forward to hearing from you.

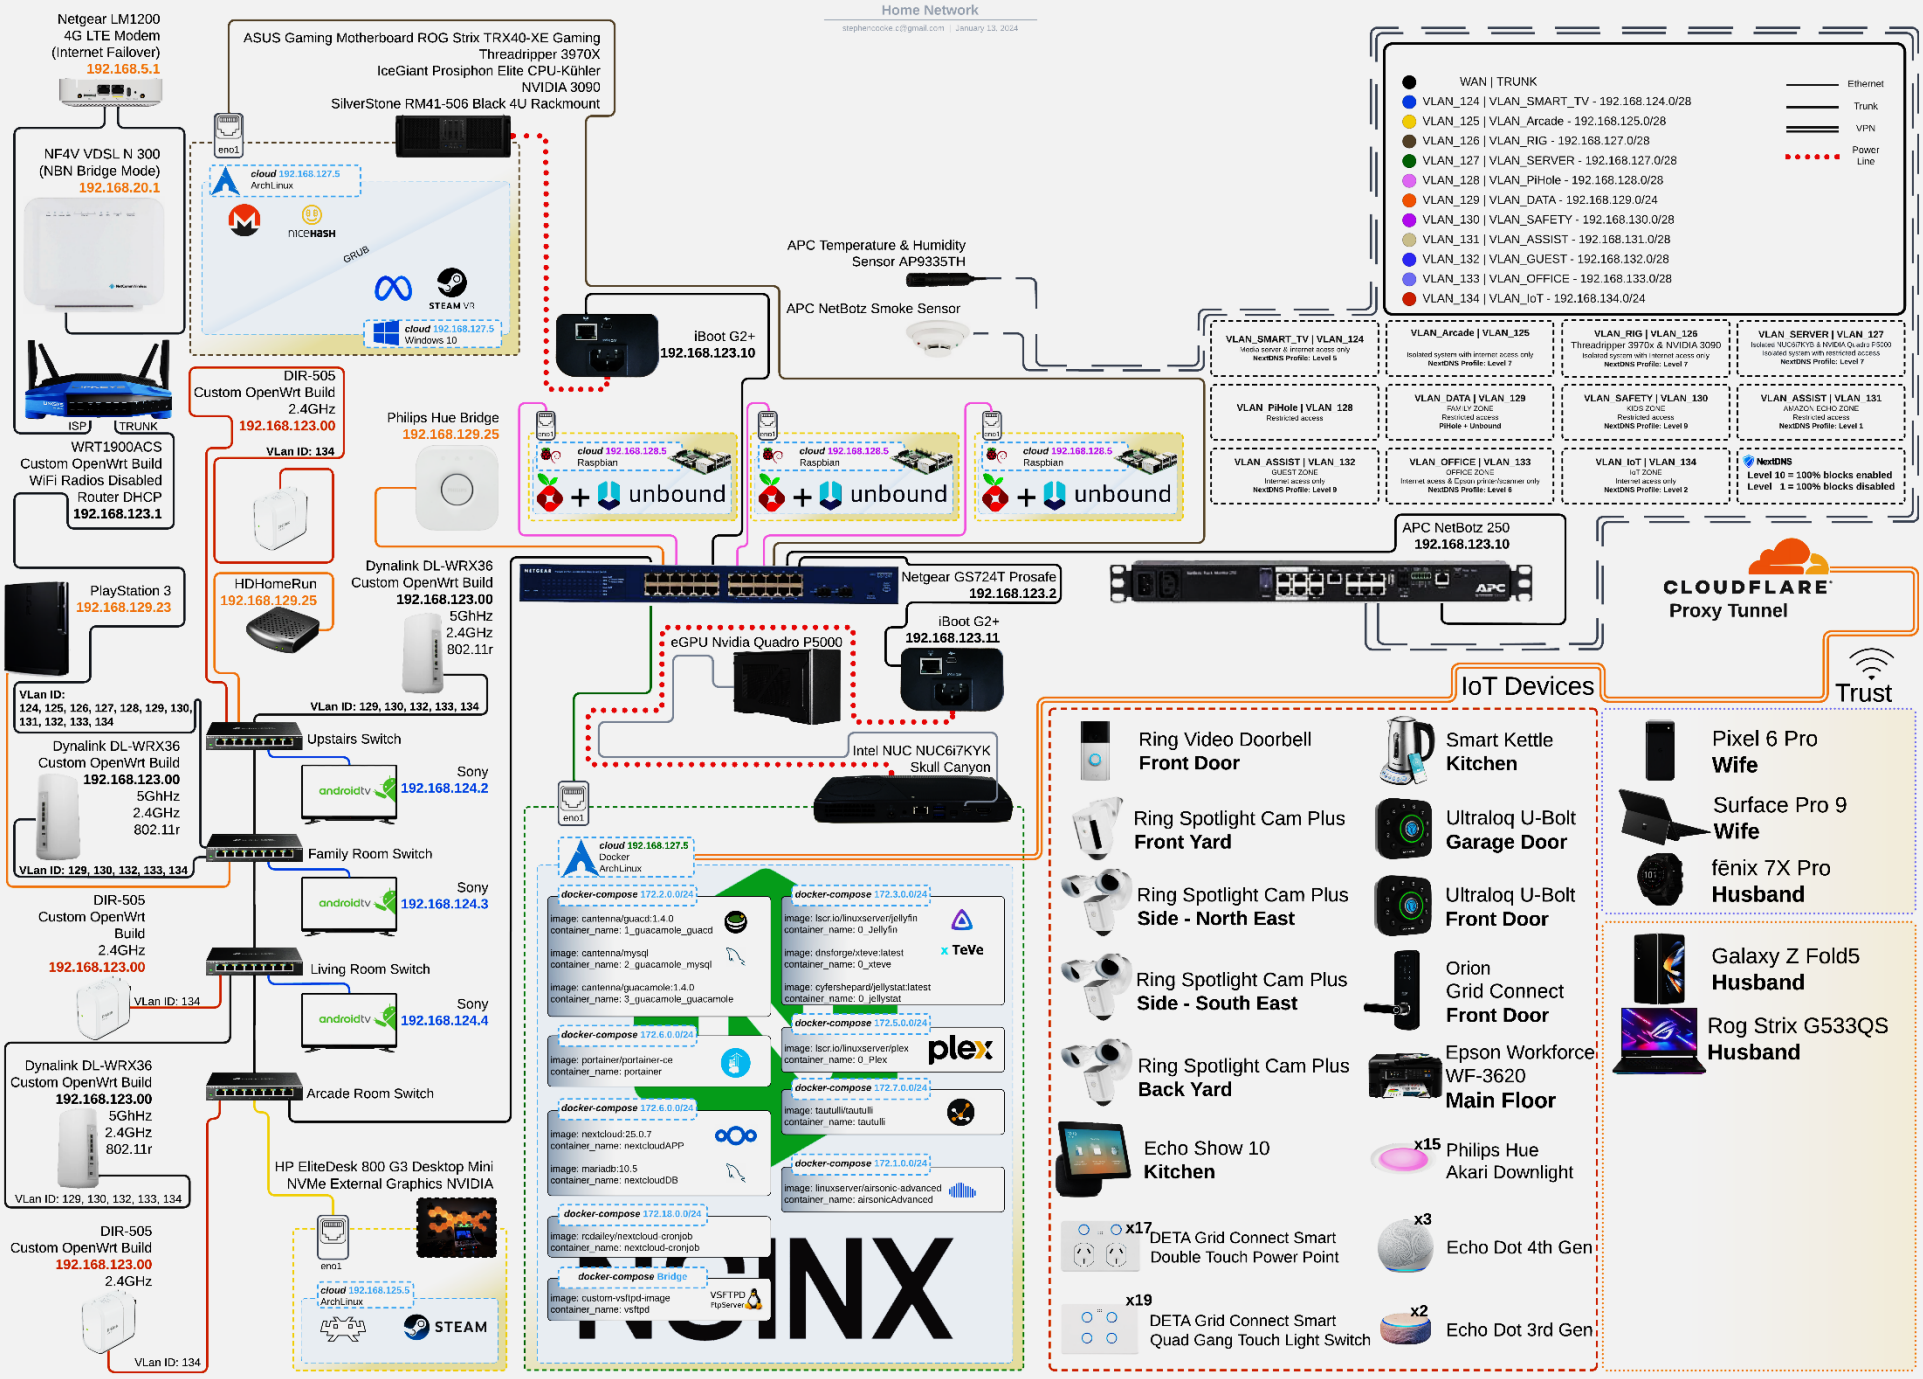

Kind regards,

Stephen Cooke
