

STEPHEN COOKE

Tecnet Canada Inc.
3403 Seymour Place
Victoria, BC V8X 1W4
Canada

17 July, 2026

Dear Hiring Manager,

I am writing to express my interest in the IT Field Technician position with Tecnet Canada Inc. With a background in IT support, networking, systems administration, and customer service, I am eager to provide hands-on technical support while growing in a field environment.

I have practical experience diagnosing hardware and software issues, configuring Windows and Linux systems, installing networking equipment, troubleshooting connectivity problems, and supporting end users. My experience with Arch Linux, networking, virtualization, VPNs, and computer hardware provides a solid technical foundation.

While I do not currently hold the CompTIA A+ certification, I have gained extensive hands-on experience with computer hardware, operating systems, networking, and home lab environments. I am committed to ongoing professional development and confident I can quickly contribute.

I enjoy working with clients, communicating technical concepts clearly, and resolving problems efficiently. I work well independently and collaborate effectively with colleagues.

I hold a valid driver's licence, have access to a reliable vehicle, and am prepared to relocate to Victoria. I would welcome the opportunity to contribute my technical skills and work ethic to Tecnet Canada.

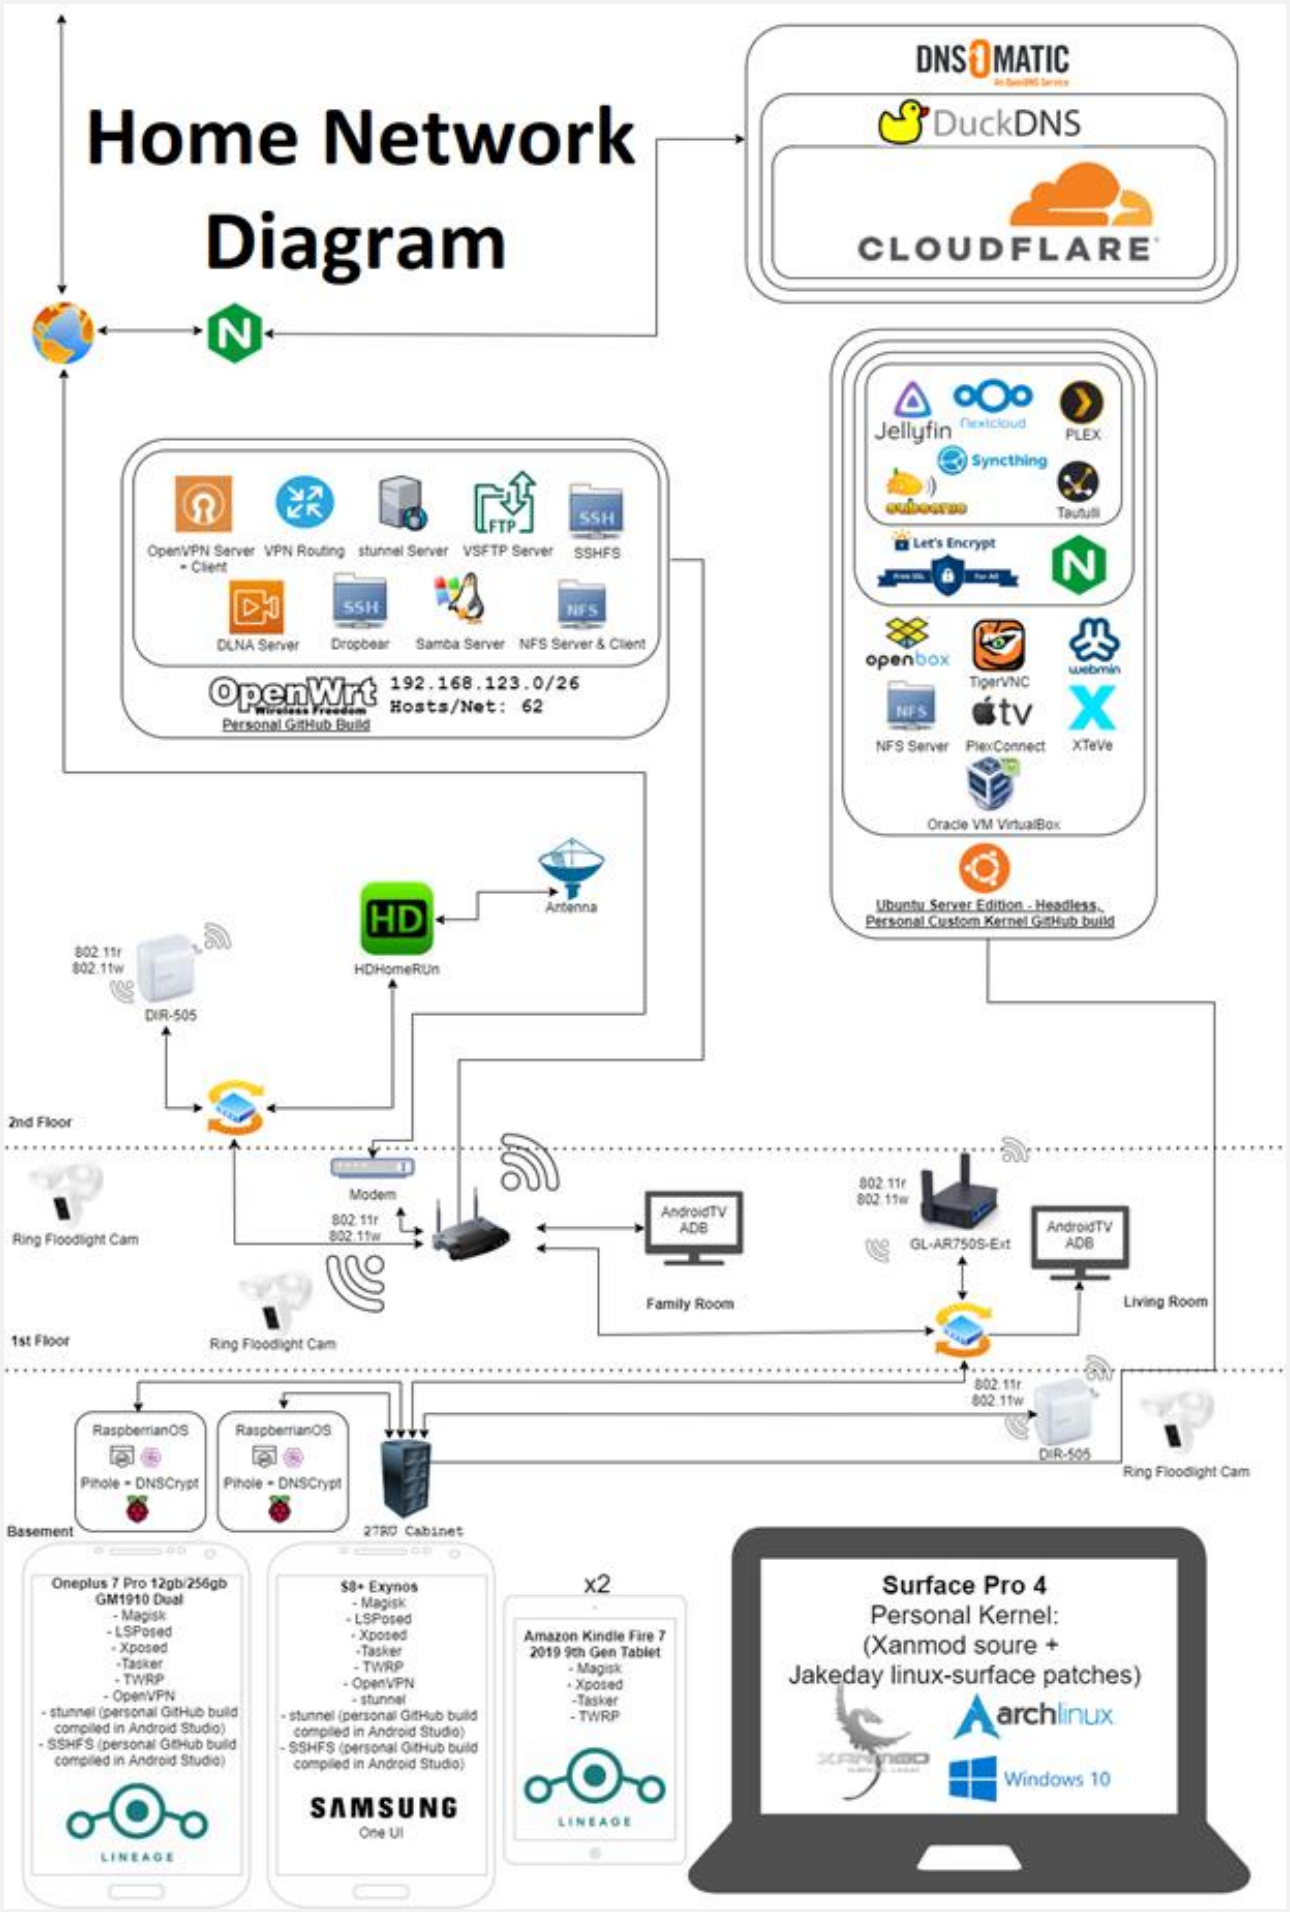

Thank you for your consideration. I look forward to discussing how I can contribute to your team.

Stephen Cooke
