Dear Hiring Manager,

I am applying for an entry-level opportunity with The Crossing Company's Light Rig Division, particularly as a Roughneck or Tankhand.

I currently work in a physically demanding role at Banff Sunshine Village and am accustomed to long days, teamwork, following safety procedures and working efficiently in demanding conditions. I am reliable, physically capable and comfortable learning new equipment and procedures.

While I am new to HDD work, I am interested in developing a career in the industry and am willing to complete the required training and safety certifications.

I hold a valid driver's licence, am willing to travel throughout Western Canada and can work 12-hour rotating day and night shifts. I am also legally authorized to work in Canada.

Thank you for considering my application.

Kind regards,

Stephen Cooke
