Dear Hiring Manager,

I am writing to apply for the **Store Manager** position with The Latest Scoop in Toronto.

I bring a combination of retail leadership, customer service and commercial experience. Earlier in my career, I worked for approximately one year as a **Supervisor at Compucenter**, where I was entrusted with opening and closing the store independently and supporting day-to-day retail operations.

I later developed extensive client-facing and commercial experience as an Account Executive with Aon, strengthening my ability to build relationships, communicate effectively, solve problems and work toward business objectives. More recently, I have worked in hospitality at Banff Sunshine Village.

I am dependable, confident working independently, and enjoy creating positive customer experiences while contributing to a strong team environment. I would welcome the opportunity to bring my varied experience and leadership capabilities to The Latest Scoop.

Thank you for your consideration.

Kind regards,

Stephen Cooke
