

STEPHEN COOKE

Tridon Communications – Calgary
1721 27th Avenue NE
Calgary, AB T2E 7E1
Canada

24 September, 2026

Dear Hiring Manager,

I am applying for the Fiber & Structured Cabling Technician position with Tridon Communications.

I bring hands-on technical experience in networking, including TCP/IP, DNS, routing, switches, VLANs, network troubleshooting, hardware installation and repair, and Cat cabling and termination. I am also experienced with Windows and Linux systems and enjoy diagnosing technical problems methodically.

My background combines practical technical ability with strong customer-service and communication skills. I am comfortable working independently, learning new systems and equipment, and performing physically demanding work.

I hold a valid Canadian driver's licence, am legally authorized to work in Canada, and am willing to relocate to Calgary.

I would welcome the opportunity to further develop my structured cabling and fibre skills through Tridon's on-the-job and manufacturer training.

Kind regards,

Stephen Cooke
