The screenshot shows a LinkedIn feed on a dark theme. The browser address bar at the top displays `https://www.linkedin.com/feed/`. The navigation bar includes icons for Home, My Network, Jobs, Messaging, Notifications (with a red badge showing 17), and a profile icon. A search bar is located on the left side of the navigation bar. The main feed area shows a post by Stephen Cooke, an Entrepreneurial Explorer, with 18 connections. Below the post, there is a section for 'Useful Infographics' with 2,098 followers. A message overlay from Christopher Langton is visible, containing text about a GitHub repo and a link to a discussion. The message text reads: 'understand the significance and it's impact. Information Technology Infrastructure Specialist

Self employed [Review this company](#)

Jul 2015 - Present (8 years 11 months)

As a seasoned IT enthusiast, my expertise lies in scripting languages like Python and Bash for task automation, OpenVPN server setup, SSL/TLS certificate management, and network security. I excel in OpenWrt firmware customization, VLAN configuration, and custom kernel compilation to ensure optimal device performance and security. Proficient across various Linux distributions, including Arch Linux, Fedora, Ubuntu Server, and Linux Mint, I specialize in system setup, configuration, and administration using command-line tools and shell scripting for seamless automation. I have hands-on experience with virtualization technologies like Oracle VM VirtualBox, successfully deploying and managing Nextcloud instances using Docker. Additionally, I have configured Let's Encrypt SSL certificates, optimized web traffic routing through Nginx reverse proxy setup, and integrated Cloudflare services for enhanced security. My passion for IT exploration, open-source contributions, and Raspberry Pi projects drives my commitment to staying at the forefront of industry trends.
